

FUSION[®]

SERIES

Next Level Acoustics has partnered with premier AV and short-throw projector cabinet manufacturer Aegis AV to bring you the perfect audio solution. At only 1.98" of depth, our proprietary Fusion Flat series of speakers has been modified to seamlessly integrate into the full line of Aegis AV solutions.

FEATURES INCLUDE:

- Ultra-low profile form factor
- Single driver / tweeter configuration
- Extraordinary acoustical dynamics and clarity
- Proprietary driver and crossover configuration
- High power handling
- Seamless Aegis AV cabinet integration
- Additional audio pairing solutions available upon request
