

FRONT FIRING SUBWOOFER

NextLevel Acoustics line of front firing subwoofers provide the perfect compliment for many of our custom speakers and soundbars when a smaller form factor is required. Choose between C series and D series drivers with either 300 or 700 watt amplification.

Available in custom finishes upon request.

CI-SW10D	SPECS
System Design	Forward Firing Subwoofer–Sealed
Driver	10" D Series 110 OZ Magnet, Aluminum Cone
Amplifier	300 W RMS (passive available)
Frequency Response	24 Hz- 100 Hz
Impedance	4 ohms
Grade	Audiophile
Dimensions	12.5" x 12.5" x 13.5"d

CI-SW12D	SPECS
System Design	Forward Firing Subwoofer–Sealed
Driver	12" D Series 110 OZ Magnet, Aluminum Cone
Amplifier	700 W RMS (passive available)
Frequency Response	22 Hz- 100 Hz
Impedance	4 ohms
Grade	Audiophile
Dimensions	14" x 14" x 16"d

CI-SW10C	SPECS
System Design	Forward Firing Subwoofer–Sealed
Driver	10" C Series 60 OZ Magnet, Coated Paper
Amplifier	300 W RMS (passive available)
Frequency Response	26 Hz- 100 Hz
Impedance	4 ohms
Grade	Professional
Dimensions	13" x 13" x 16"d

CI-SW12C	SPECS
System Design	Forward Firing Subwoofer–Sealed
Driver	12" C Series 70 OZ Magnet, Coated Paper
Amplifier	300 W RMS (passive available)
Frequency Response	24 Hz- 100 Hz
Impedance	4 ohms
Grade	Professional
Dimensions	14.5" x 14.5" x 17"d
